

Strengthen, Formalize and Enhance your Character Education Program – 11 Principles of Effective Character Education

*Learn to bring the 11 Principles of Effective Character Education
alive in your school and how being acknowledged for it can enhance
your program and school culture!*

Friday, June 9, 2017
8:30 am – 12:00 pm
Lakota Ridge Junior School, West Chester, OH

Complimentary to all K-12 educators!

Do your students lack motivation? Is bullying a problem? Would you like to build on the successful strategies shared at the 2016 “Safe and Inclusive” SSOC workshop? Concerned about the safety of your school? Or are you already involved in character education and want to pursue National or State School of Character recognition?

This interactive and energizing seminar is designed to help you take your school’s character education initiative to the next level. Participants will learn proactive approaches for building a positive school culture by improving classroom management skills, enhancing your current PBIS programs and build a community of safe and inclusive learners. Through activities and engaging discussion, you’ll learn the Character.org proven principles in character education and receive character-building resources for immediate implementation.

Topics and exercises:

- Creating a safe, caring, and inclusive learning environment
- Techniques for promoting core values
- Fostering student self-motivation
- Engaging staff as a learning community
- Involving parents and the community
- Assessing the culture and climate of the school

What you will take away from this workshop:

- Resources and techniques to make building character fun and memorable
- Methods from experienced educators for decreasing disciplinary referrals, improving school climate, and raising student achievement
- Process and tips for applying to be a National/State School of Character
- A certificate for 3 hours of continuing education credit which you can present to your local district.
