

Keep me in a closet.	Place me where I will get adequate sunlight.
Place me directly under a powerful grow light 24 hours a day.	Water me faithfully.
Water me whenever you remember.	Water me once then never again.
Water me with fertilizer according to package directions.	Put fertilizer on me everyday.
Water me with coffee.	Water me with orange juice.

Water me with soda pop.

Put me in the refrigerator.

Put me in the bathroom.

Put me right above the stove.

Keep me in the darkest spot in the house.

Put me outside in the winter.

Remove all of my leaves.

Water me everyday until the water pools on the top of the soil.

Take me out of the dirt and let me lay on the table.

Only water me in February.
